

## **Hey there you, looking for a brighter season (W)**

ambiental installation | strobo lights, dmx recorder, dmx cables  
environmental dimensions | 2023

*Hey there you, looking for a brighter season* is a series of environmental light installations. Using devices usually employed to light parties, the installation dialogues with the viewer through the imagery evoked by light. Strobe lights, connected to a dmx recorder, loop a light track based on the binary system of morse code like an encrypted message. The sentence change according to place and host context. The fruition from the outside allows this installation to illuminate, during the night hours, the interior spaces of entire floors of the buildings, creating a kind of luminous frame to the architecture in question.

In *Hey there you, looking for a brighter season (W)* the code recites the “V” letter for four times in loop (...- / ...- / ...- / ...-). This code was used by Radio Londra to announce encrypted communications for the partisan resistance during the liberation of Italy from nazi-fascism.
